Our Expert Gurus

S N Katiyar - He has more than 40 years of working experience in various Indian coal mines and is our Chief Mentor for all our students. In 2008, he superannuated from CIL from the post of Director (T), BCCL, Dhanbad. He is also working as consultant for mine planning and operations with various mining companies in India and abroad. He is also rescue trained and has been a member of Standing Committee on Safety in Mines under Ministry of Coal for five years.

He is committed to share his experience and knowledge with each and every student of KMA.

S C Batra - He has more than 45 year experience of the mining industry and superannuated from the post of Dy. Director General of Mine Safety, DGMS. He has long experience of these examinations while being in DGMS and also of coaching students after retirement. He is one the best trainer and is a well-known personality in the mining industry.

With KMA, he shares the passion of guiding young & talented students aspiring success in life and has been guiding students for past many years. He has also inspired us to conceptualize and launch KMA and has been a guiding light to us.

S V Joshi - He has more than 25 years of experience of working in Metal Mines. Apart from being a mining engineer, he is an educationist and love to guide students to success. He has been associated with us since inception of KMA and has been guiding students on the issues related to metal mines.
